Chuckery Primary School is proud to be part of the Cadmus Family of Schools

3-4-year-old children will only be admitted outside of the above process as mid-year admissions if all 3 of the following criteria are met:

- There is an available place
- They are due to start Reception the following September
- They are transferring from another setting which they have attended regularly (at least 90%)

Admission Criteria 2-3-Year-Olds

Parents will need to demonstrate entitlement to a free place by providing the school with the relevant access code issued by the Local Authority. Without this an offer of a place will not be made.

Once entitlement has been verified the Executive Head teacher will allocate a place based on availability within the nursery and using the following criteria where there are more applicants than spaces.

1. Children in Public Care (looked after children)
2. Pupils for whom a place at the school is essential on medical or social grounds as supported in writing by a medical practitioner or a social worker. (Applications will be subject to verification with the Local Authority)
3. Pupils who have an older sibling already in attendance at the school
4. Distance from school – this will be measured in a straight line from the centre point of the home address to the centre point of the school address using the Local Authority's computerised measuring system with those living closer to the school receiving the higher priority.

Based on the number of children eligible requesting a place, further places may be available for children eligible in the next available term. These will be allocated to those on the waiting list using the same criteria.

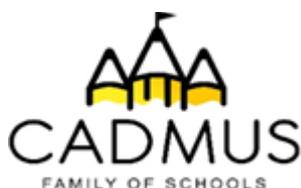

Parents can choose a mixture of either mornings, afternoons or full days*. However, parents must agree termly pattern of attendance with the Phase 1 leader.

* Where children attend for a full day an additional charge will be made for the time between sessions (11:45am to 12:15pm) to cover the cost of the additional staffing needed and the food provided during this period. Details can be found in our agreed Charges and Remissions Policy.

Where a child has been admitted but does not attend regularly (minimum 90% attendance), the school will take action which may result in the removal the child from the school role as set out in our agreed Attendance Policy.

Admission Criteria 3-4-Year-Olds

The Executive Head teacher will allocate places based on availability. Children who are have attended our 2-3-year-old provision will be given priority. Places for universal (15-hour) provision will be allocated first. Remaining spaces will then be allocated to parents demonstrating they qualify for 30-hour provision. Where there are more applicants than spaces the Executive Head teacher will use following criteria.

2. Pupils for whom a place at the school is essential on medical or social grounds as supported in writing by a medical practitioner or a social worker. (Applications will be subject to verification with the Local Authority)

Where a place is not allocated parents, may appeal the decision with the Governing Body appeals committee who will examine the admission process and ensure the agreed policy has been followed.

Parents who wish to access 30-hour provision will need to demonstrate they meet the criteria by providing the school with a valid code. Without a valid code a 15-hour universal place will be offered subject to the above criteria.

Parents can choose a mixture of either mornings, afternoons or full days*. However, parents must agree termly pattern of attendance with the Phase 1 leader.

Where a child has been admitted but the not attend regularly (minimum 90% attendance), the school will take action which may result in the removal the child from the school role as set out in our agreed Attendance Policy.

If a 30-hour provision code expires parents will need to provide evidence of on-going entitlement. If this is not provided the provision will revert to the 15-hour universal provision immediately. (it is the responsibility of parents to monitor this and provide updated codes. However, school will issue 1 reminder that a code is due to expire)

Determining Siblings

A sibling is a child who resides at the same address as the child who a place is being requested for and is one of the following;

- A brother or sister sharing the same parents
- A half brother or sister sharing one common parent
- A step –brother or sister (ie related by parent’s marriage)

Induction Process

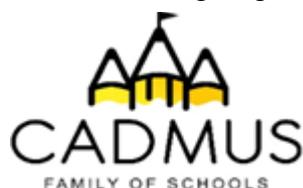

Confirmation and Invitation to visit the school

During the term before the child qualifies for their entitlement parents will be sent a letter confirming their place and inviting them to visit the school

Submission of Information

Parents will be required to provide us with the following information regarding their child’s eligibility for nursery funding and proof of identity;

- Original Birth Certificate
- Proof of current address
- Free funding eligibility codes (if applicable)

Chuckery Primary School is proud to be part of the Cadmus Family of Schools

- National Insurance numbers of parent(s) (if applicable)
- Contact details of parents

Parents will be provided with an admission pack to complete so that they can provide us with the above information, agree to our procedures and policies and also acknowledge our terms and conditions. Parents will also be provided with a Privacy Notice regarding data protection and sharing of information, so that they are aware of how their information will be stored, used and shared.

Familiarity Visits

Families will be given a number of opportunities to visit the setting prior to their child starting.

All children will receive a home visit prior to starting at Chuckery. This short visit will support the successful transition of children into the setting as they meet the staff in their own familiar setting first. The home visit is also used as an opportunity to gather information from parents about their child's interests and development mile stones.

Settling In Sessions

Parents will be asked to support the settling in process. This process is dependent on the child's individual needs and will be discussed with parents as their child starts. Over the first few days their length of session will gradually increase. Once a child is happy to be left in nursery and is making good progress building new attachments with school staff and other children, their session will be increased to their full entitlement.
