What have we done this term to make us feel Proud?

This term we are especially proud of the hard work year 3 have displayed and all that they have achieved so far! We have developed our multiplication skills and produced some brilliant pieces of writing.

What we have been learning about this term

This term we have learnt all about maps and how to navigate a journey as well as China's affect on the wider world in Geography. In science we have expanded our knowledge on light and shadows and discovered all about what is beneath our feet. We have learnt about Holy books, discussed and visited sacred spaces. On top of all of this we have created some brilliant writing and expanded our mathematical knowledge! We have practised tying different knots and then used these to secure our shelters during forest school lessons.
