

<https://www.internetmatters.org/>

This web page offers so much information to you as parents. Children these days are using the internet more and more to be social and remote learning for school/home learning. Internet Matters has been advertised a great deal on the TV and the link above takes you to the main page where questions, perhaps you have about privacy settings, how to keep your children safe and questions that perhaps your children know more about the internet than you do, (they probably do). Please contact me Mrs Perry in school if you have any issues that you need help with. The children need to be safe.
