Year One Newsletter

Spring Term 2024

Read on to find out:

- Our proud moments this term
- What we have been learning this term
- What we will be doing in the autumn term
- Key dates for the autumn term
- Communications
- The school day

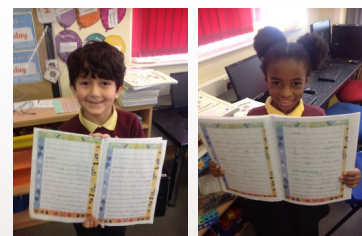

What have we done this term to make us feel Proud?

The children have written a fantastic fact file all about the four seasons. They have used amazing scientific language and extended their sentences using conjunctions to add extra detail.

During our London mini adventure the children made moving vehicles using an axle and wheels. They decorated their vehicles to look like red London buses. Then enjoyed testing their buses down the ramp to see how fast they could travel. Well done Year One!

What we have been learning about this term

This term we have been learning all about the four seasons and the different weather patterns associated with each. The children have been tracking the daily weather and temperature.

In PE, the children have been developing their cricket skills by learning how to correctly hold a bat and how to strike a ball.

In Science, The children have been exploring everyday materials. They can name a range of materials and sort them in accordance to their properties. They have used this knowledge to design and make an umbrella for Incy Wincy Spider. They tested their umbrellas to see how waterproof they were.

What we will be learning about in the summer term.

The mini-adventures your child will be covering are...

- Religions and rituals
- Trees
- On safari

They will be learning about:

Maths:

The children will be applying their knowledge of number to solve problems involving measure (capacity, volume, length, height and weight).

English:

The children will be writing a retell of the class story Little Red Riding Hood. They will also be writing a travel journal all about adventures in the Savannah! We will continue to work on sentence construction and punctuation.

Science:

The children will be learning about which animals live in a woodland and in a savannah. They will group animals based on whether they are carnivores, herbivores and omnivores.

Communications

Reach More Parents

We use the Reach More Parents app for all of our school communications. Parents will need to have download the app so:

- they know what is happening in school,
- can make payments for trips, dinner money etc.
- Can complete forms and book appointments

Facebook and X

We share some photographs and announcements on our Facebook and X pages. Find us at Chuckery primary—Official (Facebook) and @chuckeryprimary (X)

Our Website

Everything you need to know about the school can be found on the school website. Visit us at www.chuckeryprimary.com

The School Day

Children should be in school at 8:45am. Gates close at 8:55am to allow parents time to leave the site. Children arriving after 8:55am will be marked as late. Further information can be found on our school website.
